No. 36-2007, November 15, 2007

Distance learning course on community information services: course completion report
ADB Institute (2007)

COMMUNITY INFORMATION REPORT

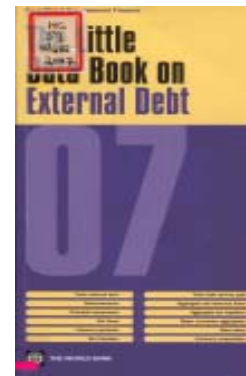

The course includes identifying successful models of community information centers, debating key issues in operating such centers, examining policies that support them, drafting business plans for establishing them, and developing a website for an e-store.

The little data book on external debt 2007
World Bank (c2007)

ECONOMIC INDICATORS

The book contains statistical tables on the external debt of the 135 countries that report public and publicly guaranteed debt under the Debtor Reporting System. It also includes tables of selected debt and resource flow statistics for individual reporting countries as well as summary tables for regional and income groups.

Key indicators 2006: measuring policy effectiveness in health and education
Asian Development Bank [2007]

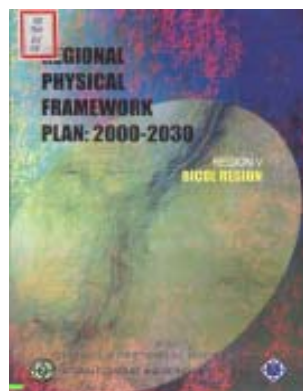

ASIA/PACIFIC REGION--STATISTICS

The publication includes 38 statistical tables that compare indicators of the Millennium Development Goals (MDGs) and other key statistics across the 44 developing member countries (DMCs) and 44 country tables, each with 8-year data series on social, economic and financial statistics.

Regional physical framework plan: 2000-2030, Bicol Region

Philippines. Regional Development Council. Region 5 [n.d]

REGIONAL PLANNING--BICOL REGION

The publication provides the framework and defines the scope of development planning for the Bicol Region. It serves as guide to decisions on how land and natural resources may be put to the most beneficial use for the people. It indicates how resources may be managed and conserved for the benefit of present and future generations.

Labor and employment prospects in Philippine mining under the policies of industry revitalization, sustainable development and decent work
Alcantara, Levinson C. (2006)

MINERAL INDUSTRIES--MANPOWER POLICY--PHILIPPINES

The paper explores the labor and employment prospects for Filipinos in the mining sector. It provides greater picture of the mining industry in terms of labor supply and demand for the next five years and offers information that can be an essential starting point for policymakers to develop mining policies within the context of sustainable development and decent work.

2002 census of agriculture: Philippines
Philippines. National Statistics Office (2006)

AGRICULTURE--PHILIPPINES--STATISTICS

The publication provides an enormous wealth of data and information on farms, farm operations, and other vital agricultural characteristics. It comes in two volumes and one special report.
