Particulars	Clarification/Amendment
a. Evaluation of technical proposals containing additional personnel/experts	<p>In case the Consultant proposes more than one (1) consultant for each required expertise/position, in relation to the allowed deviation from the TOR, the average of the individual rating of said proposed consultants for the specific expertise/position (i.e., in terms of education, training and years of experience) shall be taken as the Firm's score for said position / expertise requirement.</p> <p>For any proposed additional position over and above the required minimum positions, the years of experience rating for each additional position shall be determined based on the individual relevant experience rating of the minimum required experts for the project. The additional experts' most relevant training, educational attainment, and the proposed man-months over the total man-months of all proposed experts shall be considered in the technical evaluation.</p> <p>Participating shortlisted Consulting Firms are required to include in the submission the respective curriculum vitae of each proposed additional expert/position with the corresponding justification/s.</p>
b. Man-months	Consulting Firms are given the flexibility in determining and proposing the most appropriate time input / man-months of each of the identified/proposed key experts relative to the realization of the required activities and/or outputs under the TOR.
c. Furniture and Equipment	Consulting Firms are given the flexibility and freedom in identifying the most appropriate furniture and equipment necessary for successfully implementing/undertaking the required scope of works and/or realizing the required activities/outputs under the TOR.
d. Revisions to the draft General Conditions of Contract (GCC)	Any revision to the draft GCC is welcome; however, subject to negotiation by and between NEDA and the winning bidder during contract preparation/negotiation.
<i>Kabulnan-2 Multipurpose Irrigation and Power Project</i>	
e. Section 2.2 (Expected Outputs of the Study), Page 2, of the Terms of Reference (TOR)	It is confirmed that Consulting Firms are expected to produce a comprehensive F/S based on updated information, with definite implementation plan of the recommended scheme, including <b>"preliminary"</b> engineering designs and the most appropriate financing scheme.

Issued on 27 October 2014, Pasig City.
