Industry-Specific Impact of the ASEAN  
Economic Community on the Philippines***

# Section I. Instructions to Bidders

## A. General

### 1. Introduction

- 1.1. The National Economic and Development Authority (NEDA) as the Government Procuring Entity intends to engage a Consultant for the Development of a Model to Determine the Industry-Specific Impact of the ASEAN Economic Community on the Philippines (hereinafter called the “**Project**”) from among those invited for negotiation, in accordance with the Quality-Cost Based Evaluation/Selection (QCBE/QCBS) process.
- 1.2. Funding for this activity shall be sourced from the NEDA Research and Development Fund being administered under the *2015 Government Appropriations Act (GAA)*.
- 1.3. Consultants are invited to submit bids composed of a technical proposal and a financial proposal for Consulting Services required for this Project described in the **Terms of Reference (TOR)**. Proposals received shall be the basis for contract negotiations and ultimately for a signed contract with the selected Consultant.
- 1.4. The Project shall not be phased.
- 1.5. **Consultants** must familiarize themselves with local conditions and take them into account in preparing their proposals. To obtain firsthand information on the project and on the local conditions, **Consultants** are encouraged to inquire with **NEDA** in writing before submitting a proposal.
- 1.6. **Consultants’** costs of preparing their bids and negotiating the contract, including a visit to the **NEDA**, are not reimbursable as a direct cost of the project.
- 1.7. **Consultants** shall not be under a declaration of ineligibility for corrupt, fraudulent, collusive, or coercive practices issued by **NEDA** or any other authorized institutions in accordance with *ITB Clause 3.1*.

### 2. Conflict of Interest

- 2.1. The **Consultant** is required to provide professional, objective, and impartial advice and at all times hold the **NEDA’s** interests paramount, without any consideration for future work, and strictly avoid situations where a conflict of interest shall arise with their other projects or their own interests. **Consultants** shall not be hired for any project that would be in conflict with their prior or current obligations to other entities, or that may place them in a position of not

being able to carry out the Project in the best interest of **NEDA**. Without limitation on the generality of this rule, **Consultants** shall not be hired under the circumstances set forth below:

- (a) If a **Consultant** combines the function of consulting with those of civil works contracting and/or supply of equipment;
- (b) If a **Consultant** is associated with, affiliated to, or owned by a contractor or a manufacturing firm with departments or design offices offering services as consultants unless such Consultant includes relevant information on such relationships along with a statement in the Technical Proposal cover letter to the effect that the Consultant shall limit its role to that of a consultant and disqualify itself and its associates from work in any other capacity that may emerge from the Project (including bidding for any part of the future project). The contract with the Consultant selected to undertake the Project shall contain an appropriate provision to such effect; or
- (c) If there is a conflict among consulting projects, the **Consultant** (including its personnel and subcontractors) and any subsidiaries or entities controlled by such **Consultant** shall not be recruited for the relevant project. The duties of the **Consultant** depend on the circumstances of each case. While continuity of consulting services may be appropriate in particular situations where no conflict exists, a **Consultant** cannot be recruited to carry out a project that, by its nature, shall result in conflict with a prior or current project of such **Consultant**. Examples of the situations mentioned are when a **Consultant** engaged to prepare engineering design for an infrastructure project shall not be recruited to prepare an independent environmental assessment for the same project; similarly, a Consultant assisting NEDA in privatization of public assets shall not purchase, nor advise purchasers, of such assets; or a **Consultant** hired to prepare TOR for a project shall not be recruited for the project in question.

2.2. **Consultants** shall not be related to the designated Head of the Procuring Entity (HOPE) or the designated Head of NEDA, members of the NEDA Bids and Awards Committee for Consulting Services (NBAC-CS), its Technical Working Groups (TWG) and Secretariat, and the head of the Project Management Office (PMO) or the end-user unit, by consanguinity or affinity up to the third civil degree. The prohibition shall apply as follows:

- (a) If the **Consultant** is an individual or sole proprietorship, then to himself;
- (b) If the **Consultant** is a partnership, then to all its officers and members;
- (c) If the **Consultant** is a corporation, then to all its officers, directors and controlling stockholders; or
- (d) If the **Consultant** is a JV, the provisions of items (a), (b), or (c) of this Section shall correspondingly apply to each of the members of the said joint venture, as may be appropriate.

Relationship of the nature described above or a failure to comply with the provisions of this clause will result in the rejection of the **Consultant's** proposals.

- 2.3. Subject to the provisions of **ITB** Clause 2, any previous or ongoing participation by the **Consultant**, its professional staff, or its affiliates or associates under a contract with **NEDA** in relation to this Project may result in the rejection of its proposals. Consultants should clarify their situation in that respect with the **NEDA** before preparing its bid.
- 2.4. Failure by a **Consultant** to fully disclose potential conflict of interest at the time of proposals submission, or at a later date in the event that the potential conflict arises after such date, shall result in the **NEDA** seeking the imposition of the maximum administrative, civil and criminal penalties up to and including imprisonment.
- 2.5. **Consultants** are discouraged to include officials and employees of the Government of the Philippines (GOP) as part of its personnel. Participation of officials and employees of the GOP in the Project shall be subject to existing rules and regulations of the Civil Service Commission (CSC).
- 2.6. Fairness and transparency in the selection process require that **Consultants** do not derive unfair competitive advantage from having provided consulting services related to the Project in question. To this end, the **NEDA** shall make available to all the short listed consultants together with the Bidding Documents all information that would in that respect give each **Consultant** a competitive advantage.

### **3. Corrupt, Fraudulent, Collusive, and Coercive Practices**

- 3.1. The **NEDA** as well as the Consultants shall observe the highest standard of ethics during the procurement and execution of the contract. In pursuance of this policy, the **NEDA**:
  - (a) defines, for purposes of this provision, the terms set forth below as follows:
    - (i) “corrupt practice” means behavior on the part of officials in the public or private sectors by which they improperly and unlawfully enrich themselves, others, or induce others to do so, by misusing the position in which they are placed, and includes the offering, giving, receiving, or soliciting of anything of value to influence the action of any such official in the procurement process or in contract execution; entering, on behalf of the GOP, into any contract or transaction manifestly and grossly disadvantageous to the same, whether or not the public officer profited or will profit thereby, and similar acts as provided in Republic Act 3019.
    - (ii) “fraudulent practice” means a misrepresentation of facts in order to influence a procurement process or the execution of a contract

to the detriment of the NEDA, and includes collusive practices among participating **Consultants** (prior to or after proposals submission) designed to establish proposal prices at artificial, non-competitive levels and to deprive the **NEDA** of the benefits of free and open competition.

- (iii) “collusive practices” means a scheme or arrangement between two or more participating **Consultants**, with or without the knowledge of the **NEDA**, designed to establish proposal prices at artificial, non-competitive levels.
    - (iv) “coercive practices” means harming or threatening to harm, directly or indirectly, persons, or their property to influence their participation in a procurement process, or affect the execution of a contract;
  - (b) will reject a proposal for award if it determines that the proponent **Consultant** recommended for award has engaged in any of the practices mentioned in this Clause for purposes of competing for the contract.
- 3.2. Further, the **NEDA** will seek to impose the maximum civil, administrative, and/or criminal penalties available under applicable laws on individuals and organizations deemed to be involved in any of the practices mentioned in **ITB Clause 3.1(a)**.
- 3.3. Furthermore, the Funding Source and the **NEDA** reserve the right to inspect and audit records and accounts of a **Consultant** in the selection for and performance of a contract themselves or through independent auditors as reflected in the **GCC Clause 47**.

In the event that any subcontractor is found by the **NEDA** to be ineligible, the subcontracting of such portion of the Consulting Services shall be disallowed.

Submissions must be received by the **NBAC-CS**, 4<sup>th</sup> Floor, at #12 Saint Josemaria Escriva Drive, Ortigas Center, Pasig City 1605 on or before **13 December 2016 at 12:00 NN**.

### **19. Late Proposals**

Any proposals submitted after the deadline for submission and receipt of proposals prescribed by the **NEDA**, pursuant to ***ITB Clause 18***, shall be declared “Late” and may not be accepted by the **NEDA**.

### **20. Modification and Withdrawal of Proposals**

20.1. The **Consultant** may modify its proposals after it has been submitted; provided that the modification is received by the **NBAC-CS** prior to the deadline prescribed for submission and receipt of proposals. The **Consultant** shall not be allowed to retrieve its original proposals, but shall be allowed to submit another proposal equally sealed, properly identified, linked to its original proposal marked as “TECHNICAL MODIFICATION” or “FINANCIAL MODIFICATION” and stamped “received” by the **NBAC-CS**. Proposals modifications received after the applicable deadline shall not be considered and shall be returned to the **Consultant** unopened.

20.2. A **Consultant** may, through a letter of withdrawal, withdraw its proposals after it has been submitted, for valid and justifiable reason; provided that the letter of withdrawal is received by the **NBAC-CS** prior to the deadline prescribed for submission and receipt of proposals.

20.3. Proposals requested to be withdrawn in accordance with ***ITB Clause 20.1*** shall be returned unopened to the **Consultants**. A **Consultant** may also express its intention not to participate in the selection process through a letter which should reach and be stamped by the **NBAC-CS** before the deadline for submission and receipt of proposals. A **Consultant** that withdraws its proposals shall not be permitted to submit another proposal, directly or indirectly, for the same contract.

20.4. No Proposals may be modified after the deadline for submission of proposals. No proposal may be withdrawn in the interval between the deadline for submission of proposals and the expiration of the period of proposal validity specified by the **Consultant** on the Financial Proposal Form. Withdrawal of a proposal during this interval shall result in the forfeiture of the Consultant’s proposal security, pursuant to ***ITB Clause 15.5***, and the imposition of administrative, civil, and criminal sanctions as prescribed by R.A. 9184 and its Revised IRR.

## **E. Evaluation and Comparison of Proposals**

### **21. Process to be Confidential**

- 21.1. Members of the NBAC-CS, including its staff and personnel, as well as its Secretariat and Technical Working Group (TWG), are prohibited from making or accepting any kind of communication with any **Consultant** regarding the evaluation of their proposals until the issuance of the NOA, unless otherwise allowed in the case of *ITB Clause 22*.
- 21.2. Any effort by a proponent to influence the **NEDA** in the NEDA's decision in respect of proposals evaluation, proposal comparison or contract award will result in the rejection of the **Consultant's** proposals.

### **22. Clarification of Proposals**

To assist in the evaluation, comparison and post-qualification of the proposals, the NBAC-CS may ask in writing any **Consultant** for a clarification of its proposals. All responses to such requests for clarification shall be in writing. Any clarification submitted by a **Consultant** in respect to its proposals and that is not in response to a request by the **NEDA** shall not be considered.

### **23. Proposals Evaluation**

- 23.1. For the evaluation of proposals, numerical ratings shall be used. In case of individual scoring by the technical evaluators and in order to eliminate bias in evaluating the proposals, the highest and lowest scores for each **Consultant** for each criterion shall not be considered in determining the average scores of the **Consultants**, except when the evaluation is conducted in a collegial manner.
- 23.2. For complex or unique undertakings, such as those involving new concepts/technology, participating shortlisted consultants may be required, at the option of the **NEDA**, to make an oral presentation to be presented by each **Consultant**, or its nominated Project Manager or head, in case of consulting firms, within fifteen (15) calendar days after the deadline for submission of Technical Proposals.
- 23.3. The entire evaluation process, including the submission of the results thereof to the Approving Authority of the NEDA for approval, shall be completed in not more than twenty-one (21) calendar days after the deadline for receipt of proposals. The proposals with the highest rank shall be identified as the Highest Rated Proposal (HRP). The Approving Authority of the **NEDA** shall approve or disapprove the recommendations of the NBAC-CS within two (2) calendar days after receipt of the results of the evaluation from the NBAC-CS.

### **24. Negotiations**

- 24.1. Negotiations shall be held at the 4<sup>th</sup> Floor OADG-IP Conference Room, NEDA-sa-Pasig #12 Saint Josemaria Escriva Drive, Ortigas Center, Pasig City. The aim is to reach agreement on all points.

24.2. Negotiations shall cover the following:

- (a) Discussion and clarification of the TOR and Scope of Services;
- (b) Discussion and finalization of the methodology and work program proposed by the **Consultant**;
- (c) Consideration of appropriateness of qualifications and pertinent compensation, number of man-months and the personnel to be assigned to the job, taking note of over-qualified personnel to be commensurate with the compensation of personnel with the appropriate qualifications, number of man-months and schedule of activities (manning schedule);
- (d) Discussion on the services, facilities and data, if any, to be provided by **NEDA** concerned; and
- (e) Provisions of the contract.

24.3. No negotiations pertaining to the amount of the Financial Proposal shall be undertaken.

24.4. Having selected the Consultant on the basis of, among other things, an evaluation of the proposed key professional staff, the **NEDA** expects to negotiate a contract on the basis of the experts named in the proposals. Before contract negotiations, the **NEDA** shall require assurances that the experts shall be actually available. The **NEDA** shall not consider substitutions during contract negotiations other than for reasons of death or illness unless both parties agree that undue delay in the selection process makes such substitution unavoidable or that such changes are critical to meet the objectives of the Project. If this is not the case and if it is established that key staff were offered in the proposals without confirming their availability, the Consultant may be disqualified. Once the contract has been awarded, no replacement shall be allowed until after fifty percent (50%) of the personnel's man-months have been served, except for justifiable reasons. Violators shall be fined an amount equal to the refund of the replaced personnel's basic rate, which should be at least fifty percent (50%) of the total basic rate for the duration of the engagement.

24.5. Negotiations shall include a discussion of the technical proposal, the proposed methodology (work plan), staffing and any suggestions made by the **Consultant** to improve the TOR. The **NEDA** and **Consultant** shall then work out the final TOR, staffing, and bar charts indicating activities, staff, periods in the field and in the home office, staff-months, logistics, and reporting. The agreed work plan and final TOR shall then form part of the contract. Special attention shall be paid to getting the most the **Consultant** can offer within the available budget and to clearly defining the inputs required from the **NEDA** to ensure satisfactory implementation of the Project.

24.6. The financial negotiations shall include a clarification of the Consultant's tax liability in the Philippines, if any, and the manner in which it shall be reflected in the contract; and shall reflect the agreed technical modifications in the cost of the services. The negotiations shall conclude with a review of the draft form

of the contract. To complete negotiations, the **NEDA** and the **Consultant** shall initial the agreed contract. If negotiations fail, the **NEDA** shall invite the **Consultant** whose proposals received the second highest score to negotiate a contract. If negotiations still fail, the **NEDA** shall repeat the process for the next-in-rank **Consultant** until the negotiation is successfully completed.

## 25. Post Qualification

- 25.1. The NEDA shall determine to its satisfaction whether the Consultant that is evaluated as having submitted the Highest Rated Proposal (HRP) complies with and is responsive to all the requirements and conditions specified in the Eligibility Documents and **ITB** Clauses 10 and 11.
- 25.2. Within three (3) calendar days from receipt by the Consultant of the notice from the NBAC-CS that it is the HRP, the Consultant shall submit the following documentary requirements:

- (a) Latest income and business tax returns. Consultants have option to submit manually filed tax returns or tax returns filed through the Electronic Filing and Payments System (EFPS).

*NOTE: The latest income and business tax returns (annual or quarterly) are those within the last six months preceding the date of submission of proposals.*

- (b) Certificate of PhilGEPS Registration; and
- (c) Other appropriate licenses and permits required by law.

Failure of the **Consultant** declared as HRP to duly submit the requirements under this Clause or a finding against the veracity of such, shall be ground for forfeiture of the proposal security and disqualification of the Consultant for award.

- 25.3. The determination shall be based upon an examination of the documentary evidence of the **Consultant's** qualifications submitted pursuant to **ITB** Clauses 10 and 11, as well as other information as the NBAC-CS deems necessary and appropriate.
- 25.4. If the NBAC-CS determines that the **Consultant** with the Highest Rated Proposal (HRP) passes all the criteria for post-qualification, it shall declare the said proposal as the **Consultant** with the Highest Rated and Responsive Proposal (HRRP), and recommend to the Approving Authority of the **NEDA** the award of contract to the said **Consultant** at its submitted price or its calculated financial proposal price, whichever is lower, subject to **ITB** Clause 27.3.
- 25.5. A negative determination shall result in rejection of the Consultant's proposal, in which event the **NEDA** shall proceed to the next HRP to make a similar

determination of that **Consultant's** capabilities to perform satisfactorily. If the second **Consultant**, however, fails the post qualification, the procedure for post qualification shall be repeated for the **Consultant** with the next HRP, and so on until the HRRP is determined for contract award.

- 25.6. Within a period not exceeding seven (7) calendar days from the date of receipt of the recommendation of the NBAC-CS, the Approving Authority of the NEDA shall approve or disapprove the said recommendation.

## 26. Reservation Clause

- 26.1. Notwithstanding the eligibility, short listing, or post-qualification of a **Consultant**, **NEDA** reserves the right to review its qualifications at any stage of the procurement process if it has reasonable grounds to believe that a misrepresentation has been made by the said **Consultant**, or that there has been a change in the **Consultant's** capability to undertake this Project from the time it submitted its eligibility and qualification requirements. Should such review uncover any misrepresentation made in the eligibility, qualification and procurement requirements, statements or documents, or any changes in the situation of the **Consultant** which will affect its capability to undertake the project so that it fails the preset eligibility, qualification or proposal evaluation criteria, the **NEDA** shall consider the said **Consultant** as ineligible and shall disqualify it from submitting a proposal or from obtaining an award or contract.
- 26.2. Based on the following grounds, the **NEDA** reserves the right to reject any and all proposals, including a single qualified proposal, declare a failure of procurement at any time prior to the contract award, or not to award the contract, without thereby incurring any liability, and make no assurance that a contract shall be entered into as a result of the procurement process:
- (a) if there is prima facie evidence of collusion between appropriate public officers or employees of the **NEDA**, or between the NBAC-CS and any of the proponents, or if the collusion is between or among the proponents themselves, or between a proponent and a third party, including any act which restricts, suppresses or nullifies or tends to restrict, suppress or nullify competition;
  - (b) if the NBAC-CS is found to have failed in following the prescribed procurement procedures; or
  - (c) for any justifiable and reasonable ground where the award of the contract will not redound to the benefit of the GOP as follows:
    - (i) If the physical and economic conditions have significantly changed so as to render the project no longer economically, financially or technically feasible as determined by the **Approving Authority of the NEDA**;
    - (ii) If the project is no longer necessary as determined by the **Approving Authority of the NEDA**; and

- (iii) If the source of funds for the project has been withheld or reduced through no fault of the NEDA.

26.3. In addition, the NBAC-CS may likewise declare a failure of bidding when:

- (a) No proposals are received;
- (b) All prospective proponents are declared ineligible or disqualified;
- (c) All proposals fail to comply with all the proposal requirements or fail post-qualification; or
- (d) The Consultant with the HRRP refuses, without justifiable cause to accept the award of contract, and no award is made.

## **F. Award of Contract**

### **27. Contract Award**

- 27.1. Subject to **ITB** Clause 25, the NEDA will award the contract to the Consultant whose proposal has been determined to be the HRRP.
- 27.2. Prior to the expiration of the period of proposal validity, the NBAC-CS shall notify the successful Consultant in writing that its proposal has been accepted, through a NOA received personally or sent by registered mail or electronically, receipt of which must be confirmed in writing within two (2) days by the **Consultant** with the HRRP and submitted personally or sent by registered mail or electronically to the **NEDA**.
- 27.3. Notwithstanding the issuance of the NOA, award of contract shall be subject to the following conditions:
  - (a) Submission of the valid JVA, if applicable, within ten (10) calendar days from receipt by the Consultant of the notice from the NBAC-CS that the Consultant has the HRRP;
  - (b) Posting of the performance security in accordance with **ITB** Clause 29;
  - (c) Signing of the contract as provided in **ITB** Clause 28; and
  - (d) Approval by higher authority, if required.

### **28. Signing of the Contract**

- 28.1. At the same time as the NEDA notifies the successful Consultant that its proposal has been accepted, the NEDA shall send the Contract Form to the

Consultant, which contract has been provided in the Bidding Documents, incorporating therein all agreements between the parties.

- 28.2. Within ten (10) calendar days from receipt of the Notice of Award, the successful Consultant shall post the required performance security and sign and date the contract and return it to the NEDA.
- 28.3. The NEDA shall enter into contract with the successful Consultant within the same ten (10) calendar day period provided that all the documentary requirements are complied with.
- 28.4. The following documents shall form part of the contract:
- (a) Contract Agreement;
  - (b) Bidding Documents;
  - (c) Highest Rated Consultant's proposals, including the Technical and Financial Proposals, and all other documents/statements submitted;
  - (d) Bid bulletins;
  - (e) Performance Security;
  - (f) Notice of Award of Contract
  - (g) Notice to Proceed; and
  - (h) Other contract documents that may be required by existing laws.

## **29. Performance Security**

- 29.1. To guarantee the faithful performance by the winning Consultant of its obligations under the contract, it shall post a performance security within a maximum period of ten (10) calendar days from the receipt of the Notice of Award from the NEDA and in no case later than the signing of the contract.
- 29.2. The performance security shall be denominated in Philippine Pesos and posted in favor of the NEDA in an amount equal to the percentage of the total contract price in accordance with the following schedule:

Form of Performance Security	Amount of Performance Security (Equal to Percentage of the Total Contract Price)
(a) Cash or cashier's/manager's check issued by a Universal or Commercial Bank.	Five percent (5%)

(b) Bank draft/guarantee or irrevocable letter of credit issued by a Universal or Commercial Bank: Provided, however, that it shall be confirmed or authenticated by a Universal or Commercial Bank, if issued by a foreign bank.	
(c) Surety bond callable upon demand issued by a surety or insurance company duly certified by the Insurance Commission as authorized to issue such security; and/or	Thirty percent (30%)
(d) Any combination of the foregoing.	Proportionate to share of form with respect to total amount of security

- 29.3. Failure of the successful Consultant to comply with the above-mentioned requirement will constitute sufficient ground for the annulment of the award and forfeiture of the proposal security, in which event the NEDA shall initiate and complete the post qualification of the second HRP. The procedure shall be repeated until the HRRP is identified and selected for contract award. However if no Consultant passed post-qualification, the NBAC-CS shall declare the procurement a failure and conduct a re-bidding with re-advertisement.

### **30. Notice to Proceed**

- 30.1. The Notice to Proceed to the Consultant shall be issued within three (3) calendar days from the date of approval of the contract by the Approving Authority of the NEDA.
- 30.2. The contract shall take effect upon the Consultant's receipt of the Notice to Proceed or seven (7) days from its issuance whichever is earlier.

## **NATIONAL ECONOMIC AND DEVELOPMENT AUTHORITY**

### **Terms of Reference for Consultancy Services for the Development of a Model to Determine the Industry-Specific Impact of the ASEAN Economic Community on the Philippines**

#### **A. BACKGROUND AND RATIONALE**

The establishment of the ASEAN Economic Community or AEC in 2015 has given rise to questions about the readiness of the Philippines for the entry of goods and services as well as investments from other ASEAN member states. Questions have also been raised on the impact of actions taken to achieve the objectives of the AEC and how the lessons learned from the movement towards an AEC could be used to develop a post-2015 ASEAN agenda.

The primary objective of the project is to improve the NEDA's capacity for development planning and socioeconomic policy coordination. In particular, the project will enhance the capacity of the NEDA Secretariat to do evidence-based policy evaluation or analysis. It will also provide the NEDA Secretariat with a valuable tool for its role as technical secretariat to the NEDA Board Committee on Tariff and Related Matters (CTRM). The CTRM recommends to the NEDA Board and the President actions on requests for tariff modifications, and proposals to negotiate free trade arrangements, among other matters, brought to the Committee for review and recommendation. The CTRM has indicated a need to determine if the expected outcomes of the tariff modifications adopted in the past to prepare for Philippine participation in bilateral, regional and multilateral free trade arrangements have been realized.

#### **B. OBJECTIVES**

The main objective of the study is to develop an estimation tool/model to assess if the expected benefits from tariff modifications adopted to prepare for Philippine participation in the AEC have been realized. The impact of these tariff changes on downstream and upstream industries will also be determined. It should also be possible to use the model or tool to assess if the country should participate in proposed free trade arrangements.

#### **C. SCOPE OF WORK**

The scope of work for the project shall include, but not limited to, the following activities:

1. Development of a model/tool that would estimate the impact of tariff changes in the agricultural and industrial sectors that were subjected to such changes.
2. Identification of data and other information needed for the development of the model/tool. If a model/tool that could be used already exists, training on the use of the model/tool shall be provided.
3. Identification and/or estimation of the impact of tariff changes on downstream and upstream industries.
4. Application of the model/tool to estimate the possible impact of proposed free trade arrangements on selected agriculture and industrial subsectors, including downstream and upstream industries.
5. Conduct at least two (2) industry studies using the model.
6. Capacitate the Trade, Services and Industry Staff (TSIS) personnel assigned as

- counterpart staff for the study in developing, testing, and maintaining the model/tool.
7. Preparation of a manual on development, use and maintenance of the model/tool.
